

Deafness Foundation

# Read about the wonderful adventures of Savvy and support the deaf and hearing impaired!

Following the success of the first children's book about the endearing deaf boy Savvy, we have released a second book, 'Savvy in the Great Blue Book'.

Published by the Deafness Foundation, all proceeds from this wonderful publication will support deaf and hearing impaired children around Australia through research, early intervention, prevention, education and technology.

A wonderful addition to any library, the Savvy books help to communicate to children, parents and adults about deafness and hearing impairment. By purchasing these books, your organisation will be supporting the goals of the Deafness Foundation.
